

Eudunda Miniature Debutante Ball

*All Primary School age children are invited to participate in the
Eudunda Miniature Debutante Ball.*

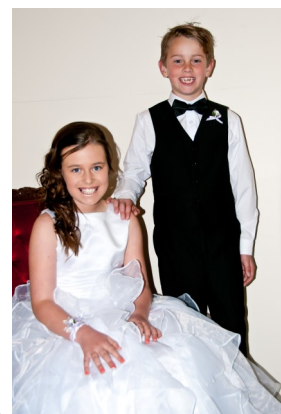

Traditionally a Debutante “Deb” Ball was an event where young men and women were formally introduced to society. Girls (with the assistance of their parents) asked a boy of their choice to partner them in the Ball. Brothers and sisters, cousins and friend may form a couple. The participants must complete a series of simple ballroom dance classes to prepare for the event. On the night the girls get “dressed up” and feel like princesses for the night. Their handsome partners look dashing in their formal attire. Each partnership will be presented to selected dignitaries and the community and then will perform a simple ballroom style dance to the audience. Professional photos will be taken on the night in a formal sitting which will be able to be purchased at a later date.
